

ABOUT IEEE

The Institute of Electrical and Electronics Engineers (IEEE), is a professional association for electrical and electronic engineers along with associate disciplines formed in the year 1953. IEEE produces over 30% of the world's literature in the electrical and electronics engineering and computer science fields, publishing well over 100 peer-reviewed journals and magazines and also sponsors over 1800 conferences and events. As of 2018, it is the world's largest association of technical professionals with more than 423,000 members in over 160 countries around the world. IEEE offers educational opportunities within the engineering sciences, research, and technology such as IEEE e-Learning Library, the Education Partners Program, Standards in Education and Continuing Education Units (CEUs).

IEEE Vizag Section

IEEE Vizag Bay Sub-section was a part of IEEE Hyderabad Section. Established in 2011 and with a team of 1,456 members, a petition has been filed to elevate the geographical area of this Sub-section, and thus the IEEE VIZAG BAY SECTION has been formed on 15th February, 2020. This section has been set up to meet the needs and promote various events of the branches that are a part of it. The Section is vibrant and also includes a Women in Engineering affinity group (WIE AG) along with Computer Society (CS) and Power engineering society (PES) chapters. The Section is the best blend of academic and research organisations. Vizag Bay section is all set for an IEEE India Council International Sub-sections' conference on 3rd-4th October of 2020.
