Department of CSE (AI & ML, DS)

CIRCULAR

Date: 19-03-2024

The students of 3/4 BTECH CSE (AI&ML, DS) here by informed that the department is conducting a guest lecture with title of "Importance of Java Programming Language in Career" on 22-03-2024 at 1.00 PM. The resource persons from Sutherland software Industry. All the students of 3/4 BTECH CSE (AI&ML, DS) have to attend this program in the Block I Lab 4.5 without fail.

Mrs. O. Suryakala Eswari
Faculty Cordinator

Prof. K Selvani Deepthi
HoD, CSE (AI&ML,DS)

Head of the Department
Dept. of CSE-(AI&ML, DS)

DEPARTMENT OF CSE (AI & ML, DS)

A Report on Guest Lecture: Importance of Java Programming Language in Career Association with Student Activity Center (SAC)

Date: 25-03-2024

Course objectives:

- Explore various career paths available for Java developers in fields like software development, web development, mobile application development, and enterprise application integration.
- Enhance communication, teamwork, and collaboration skills through group projects and presentations, essential for a successful career in the software industry.
- Learn how to stay updated with the latest developments in the Java ecosystem including new features, updates, and trends to remain competitive in the job market.

Introduction:

The department of CSE (AI&M, DS) organized Guest Lecture on **Importance of Java Programming Language in Career** on 22-03-2024 under the Student Activity Center (SAC) by Eminent persons from software industry (Sutherland) and a total of 104 members from III/IV CSM and CSD students attended to this session.

The guest lecture on the importance of Java programming language in career was organized to provide insights into the significance of Java in the software industry and its impact on career opportunities. The lecture aimed to equip attendees with a comprehensive understanding of why Java remains one of the most sought-after programming languages in today's job market

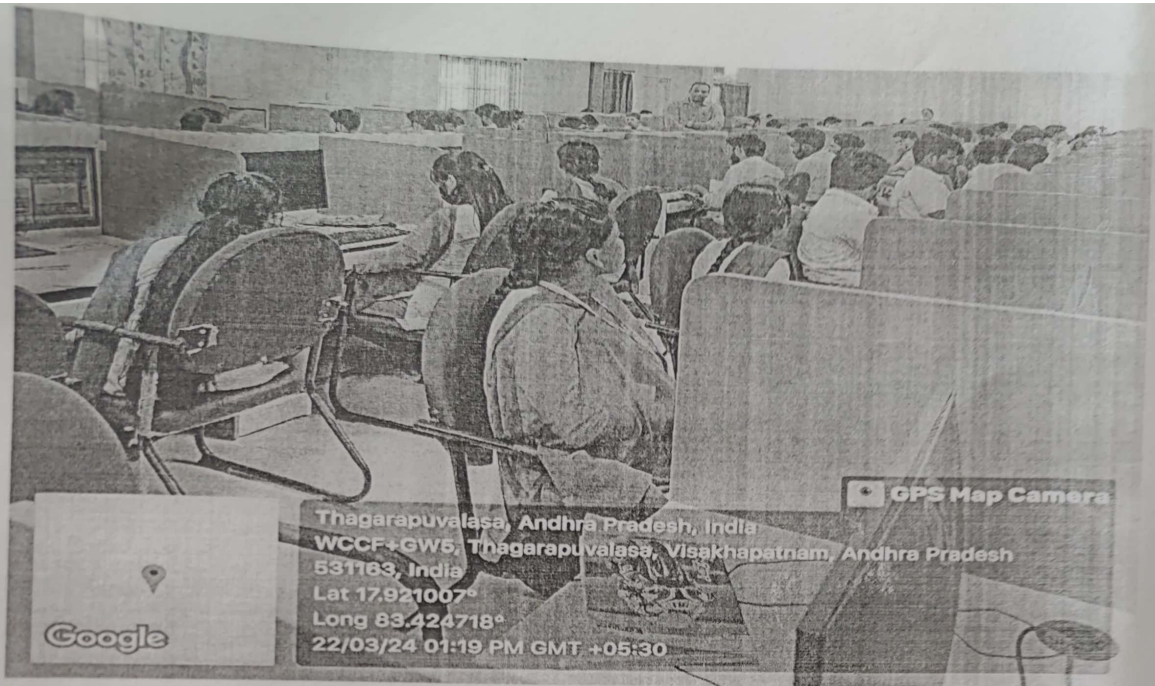

Fig 1: Student participated in Program

The speaker for the lecture Mr Praveen seasoned software engineer with over 13 Years of experience in Java development. Mr Praveen has worked on numerous Java projects across diverse domains and possesses extensive knowledge of Java technologies and frameworks.

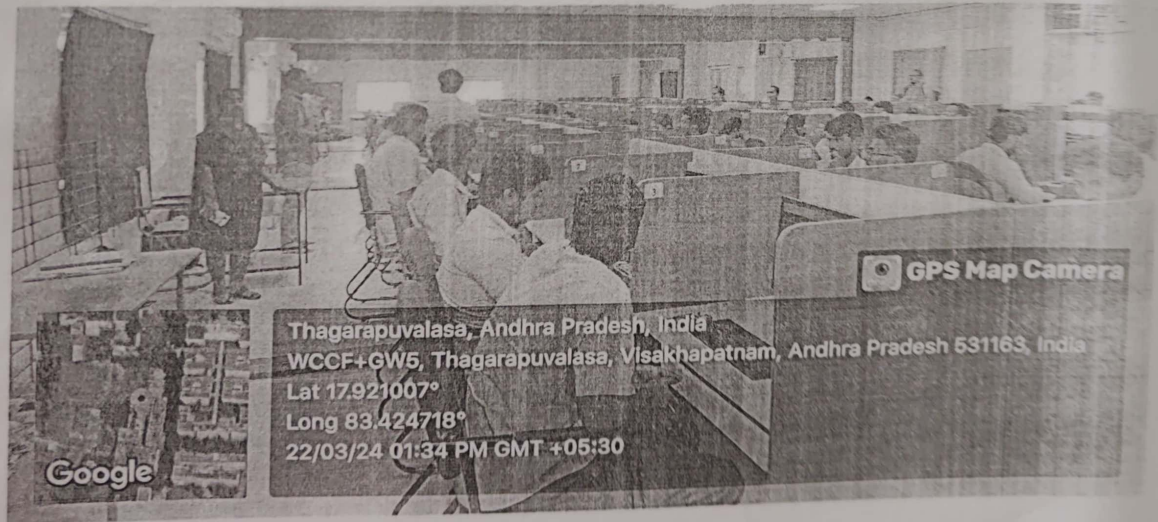

Fig 2: Students interact with resource person

Understanding Java Fundamentals: Gain a solid understanding of the core concepts of Java programming language including variables, data types, control structures, and methods.

Object-Oriented Programming (OOP) Concepts: Learn the principles of OOP such as encapsulation, inheritance, polymorphism, and abstraction, and how they are implemented in Java.

Java Syntax and Language Features: Master the syntax and various language features of Java such as exception handling, generics, annotations, and lambda expressions.

Application Development: Acquire skills to develop Java applications ranging from simple console-based programs to complex, multi-tiered applications with graphical user interfaces (GUIs).

Understanding Java Ecosystem: Explore the Java ecosystem including development tools (e.g., IDEs like IntelliJ IDEA, Eclipse), frameworks (e.g., Spring, Hibernate), and libraries (e.g., Apache Commons).

Web Development with Java: Learn about Java technologies used in web development such as Servlets, Java Server Pages (JSP), and Java Server Faces (JSF).

Database Connectivity: Understand how to connect Java applications to databases using JDBC (Java Database Connectivity) and ORM (Object-Relational Mapping) frameworks like Hibernate.

Introduction to Enterprise Java Technologies: Get introduced to enterprise-level Java technologies like Enterprise JavaBeans (EJB), Java Message Service (JMS), and Java EE (Enterprise Edition) platform.

Conclusion

The guest lecture on the importance of Java programming language in career provided attendees with valuable insights into the vast opportunities and prospects available in the field of Java development. The lecture served as a catalyst for inspiring individuals to pursue Java as a career path and equipped them with the knowledge and resources to excel in the dynamic world of software engineering.
